

# Early Childhood Behavior

## Part 1: Is this Normal?

January 16<sup>th</sup>, 2019

Please join us in a discussion of typical early childhood behaviors (ages 18 months to 6 years) and how a lack of communication can affect these behaviors.

## Part 2: What do you need in your toolkit?

January 23<sup>rd</sup>, 2019

During this session, families will learn 5 tools which will assist in dealing with behaviors. What can we do differently as adults in order to help our children through challenging behaviors?
