At this time, any person may address the Board on any Consent Agenda Item or any item not listed on the agenda which falls within the subject matter of the Board's jurisdiction. Pursuant to the Brown Act, during this period, the Board cannot consider issues or take action on items not listed on the agenda.

6. Information & Discussion Items

- 6.1 Student Share- None Present
- 6.2 Board Members

Diane Bateman-Welcomed everyone to the meeting as the school year has ended. Mrs. Bateman commented that it has been a very interesting year.

Kendall Morlan-deferred her comments until later in the meeting

Jenny Eltringham- Mrs. Eltringham did not want to make Superintendent Julia Tidball cry, however, Mrs. Eltringham expressed what an asset Tidball has been to the District over the years she has served. Tidball has given a large portion of her life to this District and has given 110% of herself in everything she does, it is hard to find employees like that. Eltringham thanked Tidball for being a part of the Mark Twain family, being a friend and for being who she is.

Maggie Rollings- Mrs. Rollings shared that this district has been led well under Superintendent Julia Tidball's leadership. Rollings mentioned that there will be a meeting on Friday, June 19, 2020 with the land owner that surrounds the property that the District owns on Copper Cove Drive. This property is being held for a new school site in the future. The owner of the property surrounding the District property has asked to meet with a few of the Board Members. There will not be any land negotiations at this time.

Timothy Randall- deferred his comments until later in the meeting

6.3 Principals

Gary Pogue (Mark Twain Elementary)- Principal Gary Pogue thanked the Board for being available for the drive-through 8th grade Graduation, along with Mr. Airola and the staff who participated during the drive-through graduation as well. The last school drive-through for students was a Beach theme. There was a lot of energy that day with many books and Chromebooks being turned in. Pogue mentioned that the students are now in the first week of Extended School Year and Remediation Classes. Pogue started the week with twenty-seven (27) students for Remediation and now have twenty-five (25) due to completion of course work. Pogue thanked the office staff as they have been preparing for the 2020-21 school year getting things organized. Pogue wished Superintendent Julia Tidball a great retirement and hoped she would be able to do the things she would like to do.

Maggie Rollings-Mrs. Rollings added that she felt the Graduation was great and every graduate felt special.

Josh O'Geen (Copperopolis Elementary)-Josh O'Geen shared that he has been cleared of all cancer and will be finishing up with his treatments soon. He thanked everyone for their support during this time. Mr. O'Geen shared that this year has been very busy as a school and that he has been involved in many activities. The school participated in Battle of the Books, the Science Fair, they went Skiing in Bear Valley, and attended theater productions. One of the students', teachers' and parents' greatest memory was celebrating Veteran's Day with a Black Hawk on campus. Mr. O'Geen was proud to say that the test scores had gone up from last year and is looking forward to next year. He looks forward to seeing the students in the classroom and moving forward. He hopes to incorporate the intervention block to the 4th-6th grade as it is already working in Kindergarten through 3rd grade. O'Geen would also like to see a continued partnership with Collaborative Classroom and Freckle, and to continue working with Mark Twain and analyzing the data that they are collecting with those programs. O'Geen welcomed Paula Wyant as the new Superintendent. He also begrudgingly said good-bye to Superintendent Julia Tidball, as she has been amazing.

6.4 Certificated / Classified

Jeff Airola (certificated)- Jeff Airola expressed that during 8th Grade Graduation, Danielle Pullin was a great help. Before COVID-19, Mr. Airola and Ms. Pullin had organized and planned the event and then had to restructure the entire event with new parameters. Ms. Pullin worked very hard on both plans. She put bags together for each of the graduates, including a yearbook, gym clothes, Bret Harte towels, and a PE bag. Mr. Airola had mixed feelings about the graduation and received emails from students. He encouraged the students to give it time and to remember that this was something special and a unique time in their life. Airola shared it was hard to see the students at the graduation as many wanted to come to give hugs, several of the students got dressed up and made the event special.

With negotiations, Mr. Airola would like to complete the negotiations before Superintendent Julia Tidball retires. He believes this could be possible. Other than negotiations, he expressed everyone is waiting for the state budget to come out to move forward.

6.5 Operations Manager

Bill Davis- Bill Davis shared that he is fully staffed and spread out throughout both campuses keeping busy. Recently, Mr. Davis had his fire inspection at Mark Twain under new regulations. Copperopolis Elementary is getting ready for installation of the new playground equipment. There has been a delay because of the closure of the State Offices due to COVID-19 to get the paperwork they needed, but Mr. Davis is hoping that things should be moving forward on this project in the next week or two. Hand sanitizer is very hard to find right now and extremely expensive.

- 6.6 Director of Business Services
Roy Blair- differed his comments until later in the meeting
- 6.7 Superintendent
Julia Tidball- Superintendent Julia Tidball thanked families, students and staff for participating in the Distant Learning survey. There were 41 staff members that participated in the survey, 79 students and 117 families. This was great input, all are welcome to view the results on the District Website. The consensus has been that Distance Learning is not what we wanted. All groups stated a sincere desire to return to campus in the fall. Tidball shared that if the District has to start the school year with Distance Learning, the suggestions from the survey were to provide more structure for students, daily instructions via video by the teachers, greater collaboration and consistency between grade levels, and more frequent communication between home and school. Right now, the county is looking at Distance Learning for the fall, but nothing has been decided. Tidball shared that the alleyway has been donated by the city, but is still waiting as it needs a parcel number. The City Council needs to declare it as a non-roadway, and then the District can take action. Finally, Mrs. Tidball took the opportunity to thank the Board, staff, students, and families for her to be allowed to serve this District. Tidball is forever grateful.
- 6.8 Correspondence- None Presented
- 6.9 California Healthy Kids Survey Results (pgs. 1-3)
Julia Tidball- Healthy Kids Survey is given to 7th and 8th Grade students on an annual basis, and was also given to 5th Grade this year. This survey was given to students in November before the school closures occurred. There were dramatic changes in school engagement for the 8th grade class. When this group of students took this survey as 7th graders, they did not feel as attached to the school, but have demonstrated growth as 8th graders. There has been a decline in 7th grade overall in this area and the thought is that many of the students coming into Mark Twain are changing schools, and the transition makes the students feel insecure. School safety improved overall. The harassment data improved overall as well. In Grade 7, 35% of the students said they saw a weapon on campus. This was of great concern, because there was no reported citing of a weapon on campus. Mental health concern has been a trend not only for our District but for our state and the nation as a whole for our youth. A large number of students experience sadness or feelings of hopelessness. Tidball shared that she will be looking next year at the results of this survey and believes that the numbers will go up due to the many events in the world. Substance use was also examined of alcohol, marijuana, any other drugs, cigarettes, or e-cigs. The question was asked if the students had ever tried any of the substances, and then it was asked if the students used these substances in the past 30 days. Alcohol seems to be the substance that is used the most with our students. There was a decrease in e-cigarette use, along with marijuana use. Overall, of the 163 students that were surveyed, 85 were 7th graders and 78 were 8th graders. Next year 6th grade will be added to this survey to be added to the data. This data has always been used to help create the LCAP and new Superintendent Paula Wyant will start the process of talking with the stakeholders and use the data for a modified LCAP that she will bring to the Board in December. Mrs. Sara Tuthill also uses this data in her health class and is helpful to her.

- 8.11 Adoption of the Parent/Student Handbook for 2020-21(pgs.55-88)
 Debbie Richards mentioned that the handbook states Kindergarten transportation on page 65 is only one-way. Because Kindergarten will be a full day starting for the 2020-21 school year, transportation will be available both ways for Kindergarten students. Jeff Airola voiced concern about the graduation requirements being removed. His other concern was the standard grading scale all teachers would need to adhere to. Kendall Morlan and Timothy Randall also expressed concern about the grading policy. Maggie Rollings pointed out the wording on the last page of the handbook needs to be changed to “will”. The changes to the Kindergarten transportation and the word on the last page of the handbook will be changed. After much discussion, it was decided to table approving the Handbook to further discuss in a committee setting the grading policy until a July Board Meeting. Kendall Morlan agreed to join the committee to provide her thoughts on the grading policy.

Motion to table the Parent/Student Handbook for 2020-21 made by J. Eltringham and seconded by K. Morlan
